Upper Great Plains Wind Energy PEIS Public Meetings

Three public meetings on the Draft Upper Great Plains Wind Energy Programmatic Environmental Impact Statement (PEIS) will be held from April 30 through May 2, 2013.

The public meetings will serve as forums for the Agencies to provide an overview of the draft PEIS and to take public comments. Registration and an informal open house period will begin at 5 PM. The formal comment meeting will begin at 6 PM with a short presentation regarding the draft PEIS and a session to accept comments from the public on the draft PEIS. Pre-registration for public meetings is not required, but will assist with planning for the meetings.

Western and U.S. Fish and Wildlife Service representatives will be available to answer questions before and after the formal meeting. During the meeting you may make oral comments for the record, or submit your comments in writing; we recommend speakers also submit written comments so we accurately capture your thoughts. The public meetings will be held at the locations and dates identified below.
